

## Adults League divisions 2021/22

The structure of the Adults League 2021/22 depends on:

### 1. The ranking of the season 2020/21

The ranking always depends on the results of the competitions of one complete season.

Since the second round 2019/20 and the season 2020/21 was cancelled due to the Covid-19 situation, the ranking used to make the divisions 2020/21 will also be used for the divisions 2021/22.

The ranking used to make the divisions 2020/21 is based on the ranking 2018/19 and the results of the competitions of the first round 2019/20. Furthermore, it takes into account the new teams 2020/21, the deliberate relegation of teams 2020/21, and the corresponding promotion of teams 2020/21.
